

Duathlon June 17, 2015

It was a perfect evening for the second duathlon of the year. There was great competition throughout the field, and a new course record was set. The team of Jim Allot and Chaz Agan posted the blistering time of 24:26. The old course record of 25:15 was set last August by the team of Gene Newman and Jon Eng. And we have reason to believe that Chaz can knock another half minute off of that.

As for the close competition, four teams and individuals were within 39 seconds of each other, from 33:05 to 33:44.

Phil LaMarche, Will Siegfried, and the team of Gene Newman and John Ignatowski all improved significantly on their times from the month before.
